

WHEN DISASTER STRIKES, YOUR EMERGENCY BECOMES OUR EMERGENCY.

Be Prepared with the TAW Disaster Emergency Response Team

A lightning strike, a flood, or the damaging winds of a hurricane could bring your business to a halt. An outage is an emergency you can't afford. PREPARE NOW to mitigate the damage and get back to work with help from our Disaster Emergency Response Team (DERT). The DERT team provides complete emergency power services nationwide, from coordinated logistics, transport to-and-from sites and redeployments, to building connection assistance, operating inspections and fueling services. DERT requires pre-arranged contract services and is the perfect solution for multiple facility users.

TAW provides:

- 24/7 quick response, and reliable service 365 days a year
- Emergency repairs
